

The Safety of Your Children is Our Top Priority

SECURE EDUCATION — CONSULTANTS —

Who are Secure Education Consultants?

SEC is made up of highly trained tactical professionals specializing in assessing child care facilities and developing customized Emergency Preparedness Plans tailored to a facility's layout, location and use. SEC's Critical Incident Response Training prepares faculty and staff to confront appropriately emergencies of all kinds, including active shooters, child abductions, unauthorized intruders, hazardous materials, and natural disasters.

Why did the Child Care Facility partner with SEC?

Nothing is more important than the safety of our children! By choosing SEC, this child care provider has gone above and beyond to ensure its mission of caring for your children. This provider is in an elite class trained to execute SEC's rigorous Emergency Preparedness Plan. You can be confident knowing that the faculty and staff are equipped to respond to the most serious of situations. In a perfect world, emergencies would never happen. But in the real world, it is imperative that we respond quickly and appropriately when the unexpected occurs.

SEC's Site Assessment, Emergency Preparedness Plan and Critical Incident Response Training were developed by a team of current and former Secret Service agents, SWAT officers, Department of Homeland Security personnel, members of the Special Forces including Navy SEALs, hostage negotiators, active shooter trainers, police officers,

deputy sheriffs, and other security professionals with hundreds of years of combined service. This extensive experience, sharpened through years in the field, is the foundation for the techniques taught in SEC's training. Most importantly, the wealth of knowledge has been customized to the physical characteristics and mission of this facility.

Many child care providers lack personnel with necessary experience and knowledge to prepare properly for emergencies. That is not the case here. Through its partnership with SEC, you can rest assured that your children are in the most capable hands—and that this facility is deemed SECure.
